FEES AND PRICING

I know it can be quite daunting when you're looking for the perfect photographer for your family. So I make my pricing as simple and transparent as possible for you. I ensure all of my photography prices are completely transparent so that there are no nasty surprises and certainly no hard sell. My portrait sessions are relaxed and fun, and they take place out on location or in or around your home.

SESSION FEES

The Family Portrait Session Fee is £49. The date for your session is not secure until this fee has been paid and the booking form and terms and conditions signed and received by me. The session fee is fully refundable up until 48 hours before the session at which point it becomes non-refundable unless the cancellation becomes a postponement. See full terms and conditions for further details. This price you pay for your session includes the following:

- 3 x 10" x 8" Images of your choice on Premium Quality Lustre Paper in either Black and White or Colour.
- A digital guide with details of what to expect at your shoot including clothing tips and more.
- A face to face or telephone consultation so I can find out more about your family and customise the session to your needs and a follow up call the week prior to the session to ensure I understand your requirements and you understand what I require from you to get the best from the session.
- Approximately 90-120 minute relaxed & fun photo shoot at your home or a location of your choice* for up to 4 family members (each additional person £10 extra). I don't clock watch, if it takes a little longer to get the images required then so be it. * Based on the location being within 20 mile drive of Eastbourne, East Sussex. I am happy to travel further afield but an extra fee will be applicable based on mileage at .45pence per mile.
- My time spent selecting and editing the best images from your session. This usually takes approximately two weeks. You will receive a digital proofing sheet of the images to select your 3x 10" x 8" Prints from.
